

TRAIN (or TrainingFinder Real-time Affiliated Integrated Network) is the nation's premier learning network for professionals who protect the public's health. TRAIN is a unique web-based platform that provides a robust clearinghouse of on-site training and distance learning opportunities available in local, state, and national jurisdictions.

TRAIN is a free resource for YOU! HOSA-Future Health Professionals is a Partner with TRAIN and these services are available for your use.

TRAIN houses information on over 29,000 public health courses offered by more than 4,000 providers. Visit www.TRAIN.org to start searching courses.
